

# Hope and the Family

**Thursday July 27th - Sunday July 30th**

**Waycross Conference Center in Brown County**

Join us as we discuss quotes on hope, stories of Abdu'l-Bahá, and questions about building stronger families and communities. All age groups will study the same material at different levels of depth. Ideally entire families will attend, learning how to strengthen family connections and build vibrant communities.

This program has been successful at several schools and continues the outreach happening in children's classes, study circles, and other paths of service. We'd love friends you've connected with to attend this event as our guests. There will be many learning opportunities for both returning Bahá'ís and first-time visitors.

Please join us in this hopeful exploration of family and community life.

## Classes and Activities

- Daily classes, recreation time, and evening activities
- Group discussions and facilitated sessions
- Classes for Adults, Children, Youth, and Junior Youth
- Music, singing, and the arts
